**REPORT OF EDUCATIONAL TOUR
SESSION: 2023 – 2024
DEPARTMENT OF MATHEMATICS
NETAJI SATABARSHIKI MAHAVIDYALAYA**

On 5th March, 2024 (Tuesday), the Department of Mathematics of Netaji Satabarshiki Mahavidyalaya organized an Educational Tour to The Asiatic Society and The Calcutta University Central Library. Three students participated in this study tour under the guidance of Dr. Abhirup Datta, Coordinator (Head), Department of Mathematics. First went to the Asiatic Society located in Park Street, Kolkata. The institution is originally a research organization founded by Sir William Jones on 15th January in 1784. At the time of its foundation, this Society was named as "Asiatick Society". In 1825, the society was renamed as "The Asiatic Society". In 1832 the name was changed to "The Asiatic Society of Bengal" and again in 1936 it was renamed as "The Royal Asiatic Society of Bengal". Finally, on 1st July 1951, the name of the society was changed to its present one. Now the society has four wings named, **Library, Museum, Reprographic Section and Conversation of Books and Journals Section**. At present, the library of the Asiatic Society has a collection of about **117,000 Books** and **79,000 Journals** printed in almost all the major languages of the world. It has also a collection of **293 Maps, Microfiche of 48,000 works, Microfilm of 387,003 Pages, 182 Paintings, 2500 Pamphlets** and **2150 Photographs**. The earliest printed book preserved in this library is **Juli Firmici's Astronomicorum Libri**, published in **1499**. It has in its possession a large number of books printed in India in the late 18th and early 19th centuries. The library also possesses many rare and scarcely available books. The library has a rich collection of about **47,000 Manuscripts** in 26 scripts. The most notable amongst them are an illustrated manuscript of the **Quran**, a manuscript of the **Gulistan** text and a manuscript of **Padshah Nama** bearing the **signature of Emperor Shahjahan**. The number of Journals in the possession of the library is about **80,000** at present. The library also has **coins** issued by **Chhatrapati Shivaji Maharaj**. Reprographic services encompass such services that aim at making printed materials more easily available

such as xerographic printing, which involves a photographic process. There is a **Conservation Unit** for repair of fragile books and manuscripts. The students under the guidance of **Librarian Sir** of **The Asiatic Society** observed everything very thoroughly and gained a lot of knowledge about **Ancient India and the Research of that time**.

Then the well-furnished multi-storied **Central Library** of **The Calcutta University** was witnessed. There, the students got an opportunity to get acquainted with the huge collection of **Ancient Statues, Precious and Rare Books, Research Articles** etc. Students gained hands-on experience of various types of library work in different rooms of the central library. There they got the clear idea of **Book-Lift and its function**. Students have gained extensive knowledge about **Library Management, Maintenance, Book Preservation and Routine Service**.
